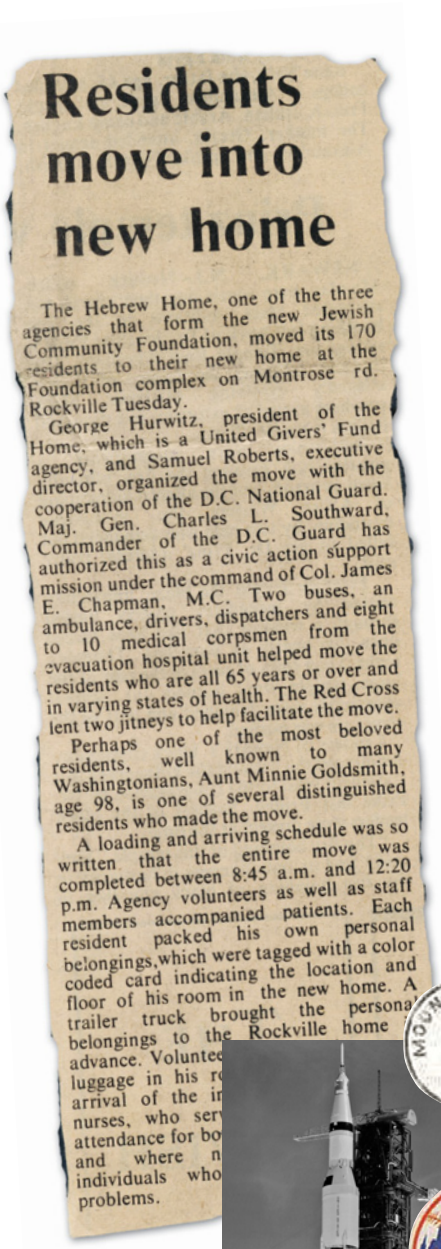
ANNUAL REPORT 2008

Celebrating the Hebrew Home's 40th Year in Rockville

1969 was more than just a time of flower power.



Residents move into new home

The Hebrew Home, one of the three agencies that form the new Jewish Community Foundation, moved its 170 residents to their new home at the Foundation complex on Montrose rd. Rockville Tuesday.

George Hurwitz, president of the Home, which is a United Givers' Fund agency, and Samuel Roberts, executive director, organized the move with the cooperation of the D.C. National Guard. Maj. Gen. Charles L. Southward, Commander of the D.C. Guard has authorized this as a civic action support mission under the command of Col. James E. Chapman, M.C. Two buses, an ambulance, drivers, dispatchers and eight to 10 medical corpsmen from the evacuation hospital unit helped move the residents who are all 65 years or over and in varying states of health. The Red Cross lent two jitneys to help facilitate the move.

Perhaps one of the most beloved residents, well known to many Washingtonians, Aunt Minnie Goldsmith, age 98, is one of several distinguished residents who made the move.

A loading and arriving schedule was so written that the entire move was completed between 8:45 a.m. and 12:20 p.m. Agency volunteers as well as staff members accompanied patients. Each resident packed his own personal belongings,which were tagged with a color coded card indicating the location and floor of his room in the new home. A trailer truck brought the persona belongings to the Rockville home advance. Volunte luggage in his r arrival of the i nurses, who ser attendance for bo and where n individuals who problems.

CHARLES E. SMITH

Charles E. Smith Life Communities takes its name from a visionary leader in the Washington Jewish community. Charles E. Smith (1901-1995) was a persuasive philanthropist who generously supported the most vulnerable in our society. As president of the Hebrew Home from 1959–1962, he laid the groundwork for the Home's 1969 move to its current Rockville campus.

Recognizing the need for continued philanthropic support and the emerging continuum of care on our campus, his son and son-in-law, Robert H. Smith and Robert P. Kogod, and their families made an extraordinary $12 million investment in our future. Our name, adopted in May 2006, unites our entities, sustains both the legacy and leadership of Charles E. Smith and honors the memory of a remarkable leader.

OUR MISSION

The mission of the Charles E. Smith Life Communities is to fulfill Jewish values by providing a continuum of quality services for elders and their families, and affirm our commitment to the dignity of each individual.

OUR VISION

The Charles E. Smith Life Communities will be viewed and supported by our community as the leader and provider of choice in delivering innovative and compassionate services for elders.

Our services and programs are open to all in the community.

One Small Step, One Giant Leap: *Our 40th Year in Rockville*

On May 20, 1969, 40 years ago to the date of our 99th annual meeting, the DC National Guard, with two buses, an ambulance, drivers, dispatchers and medical corpsmen, helped move 170 elderly residents from Spring Road to their new home in Rockville as a "civic action support mission." The Red Cross lent two jitneys, and staff and volunteers accompanied the residents. A detailed loading and arriving schedule facilitated the move, which was completed between 8:45 a.m. and 12:20 p.m.

Each resident's belongings were packed and tagged with a color-coded card that indicated the location of the resident's new room. George Hurwitz, president of the Hebrew Home, and Samuel Roberts, executive director, oversaw the move. Aunt Minnie Goldsmith, age 98, one of the founders of the Home, was one of several distinguished residents who made the move into the new Hebrew Home that day. News reports noted that the new Wasserman Residence had air conditioning and an innovative indoor shopping arcade. The new Hebrew Home of Greater Washington was modern and spacious, and could accommodate 260 elderly residents.

For the title of this year's annual report, we have paraphrased the famous quote from another 1969 milestone, the first moon landing. But in truth, there was nothing small about the step from Spring Road in Washington to Rockville. Charles E. Smith, with vision and persuasiveness, answered questions and overcame reluctance, convincing an entire community to purchase this 22-acre plot of land in Rockville known as Stock's Nursery. He spearheaded zoning approval and capital funding needed to move three community service organizations, the Hebrew Home, Jewish Community Center and Jewish Social Service Agency, out of obsolescent buildings in the city to suburban Maryland. Through the generosity of George and Janice Wasserman, the Hebrew Home's new residence acquired its name.

It was this crucial move that opened a new vista for us, and paved the way for us to become the comprehensive provider we are today. Without this move, we could not have grown to fill a now 31-acre campus with five residences serving more than 1,000 seniors each day.

The services we provide range from outpatient medical care focusing on geriatric care, independent living, assisted living, and rehabilitation with an outstanding track record in recovery and improvement, to quality nursing home care 24/7/365.

In 1969, there were real fears that in moving those 170 elderly residents, someone might perish en route, that residents would become frightened, confused and disoriented. Those challenges were overcome with the assistance of volunteers, board, community resources and staff, all working together. Today, as well, we face numerous challenges:

- The impact of dwindling government reimbursements
- An increased need for charity care
- Baby boomers' higher expectations regarding care and services
- The "tsunami" of aging in our population
- An uncertain economy
- Rising costs of providing care to an increasingly frail population.

Now, as 40 years ago, our success still relies on the same teamwork among volunteers, board, donors, community resources and dedicated staff, all working together. We are confident that the strengths that got us to this point are still our strengths, and will enable us to meet the challenges we face and continue in our mission of care and caring.

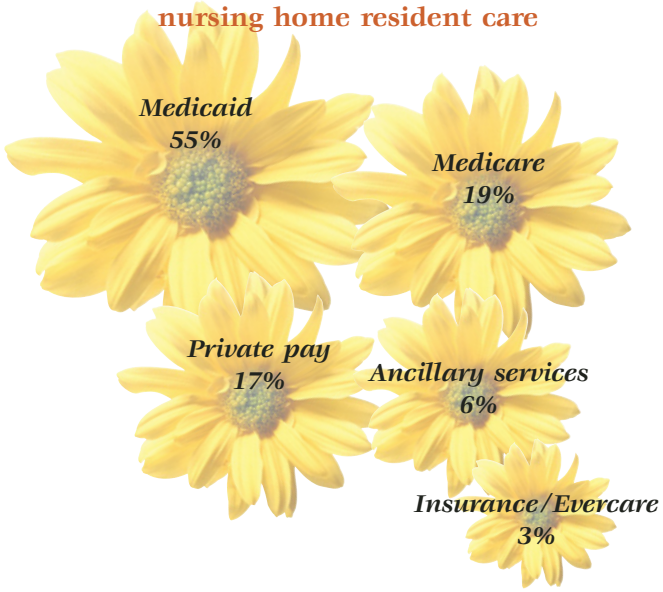
Sources of revenue for nursing home resident care



Comparing these two charts shows that nearly 70 percent of the nursing care provided at the Hebrew Home is for residents on Medicaid, yet only about half the income received is from Medicaid reimbursements. This gap creates the significant shortfall shown on our financial summary. It also should be noted that Medicare payments support short-stay residents in our rehabilitation program, where care is more costly due to the intensive therapy, medication and nursing they receive.

Aunt Minnie Goldsmith Award

Mrs. Charles Goldsmith, who was born in 1871, opened her heart to all those in distress. Lovingly known as "Aunt Minnie," she took it upon herself to lead fundraising efforts on behalf of the Hebrew Home and its elderly residents. Each spring, she celebrated her birthday by inviting friends to a luncheon to raise funds for the Home. The Aunt Minnie Luncheon, which draws hundreds of women, continues that tradition, and the award in her name is presented annually "for idealistic service to humanity and community welfare."

Legacy Gifts – *Builders of the Future*

Builders of the Future have created planned gifts, such as Bequests, Charitable Gift Annuities or Remainder Trusts, or have named the Hebrew Home as a beneficiary of a trust, IRA or insurance policy. Like the story of the grandfather planting an olive tree, knowing that he will not harvest from it but that his grandchildren will, Builders have translated their support of the Home into gifts that will live beyond them. Their legacies will help us provide a continuum of care for frail elders and their families for generations to come.

We are grateful to the following individuals who have informed us that the Hebrew Home will be receiving a gift in the future because of actions they have already taken. There are many whose names we do not know or who request anonymity.

Legacy Gifts – *Permanent and Designated Funds*

Generous and farsighted donors have created Permanent and Designated Funds for many reasons: in memory of someone dear, in honor of a person or event, or to have the comfort of knowing that their contributions will permanently provide Charles E. Smith Life Communities with needed financial resources into the future. The designation "Permanent Funds" reflects the fact that the original gift creates an endowment from which earnings will be distributed. "Designated Funds" are created to meet critical needs and are totally expended for specific purposes chosen by the donor. These funds directly benefit those we serve through a wide variety of programs and services that contribute to our "Margin of Excellence." Especially important, these funds also enable us to provide care for those without resources to pay for care themselves. We owe all of the wonderful donors who have created or donated to these funds a great debt of gratitude for their generosity and compassion.

IT TAKES A COMMUNITY.

Charles E. Smith Life Communities

The Charles E. Smith Life Communities brings together five living options on one scenic Rockville campus, each with its own, warm personality and specialized culture of caring, wisdom, and experience. In fact, 100 years of experience, dating back to the first Hebrew Home in Washington, DC.

Because Charles E. Smith Life Communities offers choices for independent and assisted living, rehabilitation and recovery, as well as long-term care, its leading expertise extends across the full spectrum of eldercare services. The campus even includes full-time, on-staff physicians and an internationally recognized research institute dedicated to finding new ways of taking the high caring standards ever higher.
